

## WSWS

The subscale to each item determined on how high they agreed on the scale. For the \* items, the subscale is determined on how low they agreed. Each emotion is determined by the mean of each item that applies (e.g. the mean of #13, 15, 18 determine the anger level).

| <u>No.</u> | <u>Subscale</u> |
|------------|-----------------|
| 13         | Anger           |
| 15         | Anger           |
| 18         | Anger           |
| 3          | Anxiety         |
| 6          | Anxiety         |
| 8          | Anxiety         |
| *10        | Anxiety         |
| *4         | Concentration   |
| 23         | Concentration   |
| 27         | Concentration   |
| 9          | Craving         |
| 11         | Craving         |
| 20         | Craving         |
| 26         | Craving         |
| *1         | Hunger          |
| 14         | Hunger          |
| 16         | Hunger          |
| 21         | Hunger          |

|     |         |
|-----|---------|
| 28  | Hunger  |
| *7  | Sadness |
| 12  | Sadness |
| 19  | Sadness |
| *24 | Sadness |
| *2  | Sleep   |
| 5   | Sleep   |
