**Private-Payer Codes**

Private-payer benefits are subject to specific plan policies. Before providing service, benefit-eligibility and payer-coding requirements should be verified.

**Billing Codes**

- CPT 99406: Intermediate smoking & tobacco-use cessation counseling visit (more than 3 minutes, up to 10 minutes)
- CPT 99407: Intensive smoking & tobacco-use cessation counseling visit (more than 10 minutes)

**Diagnostic Code**

**ICD-10 Diagnostic Codes**

According to the U.S. Department of Health and Human Services:
1) The combination of counseling and medication to quit smoking is more effective than either alone.
2) Counseling for just 3 minutes can increase the rate of abstinence.

**WI Medicaid / BadgerCare+ Codes**

Before providing service, benefit-eligibility and payer-coding requirements should be verified.

**Billing Codes**

- CPT 99201-99205: New patients
